## EXPERIENCE

### Developer

May 2023 - May 2024

Owen Jones and Partners

Portland, Oregon

- Developed custom code for clients like Disney & UnitedHealthGroup and internal teams, blending static and CMS-driven approaches to build and deliver over 15 business and product websites, improving load times by up to 2000ms.
- Spearheaded the development of internal toolkits and highly reusable web components and libraries, boosting developer productivity by 40% and cutting development preparation time in half.
- Developed CI/CD pipelines to enable automated builds, tests, containerization, and continuous delivery of modules, decreasing deployment time from days to hours and reducing errors by 25%.
- Integrated cutting-edge technologies into projects to modernize the project tech stack, resulting in a 35% increase in application performance and lowering maintenance costs by \$20,000 annually.

### Junior Developer

July 2021 - May 2023

Owen Jones and Partners

Portland, Oregon

- Created modular components of client websites, utilizing several full-stack development tools, contributing to over 15 projects and improving development efficiency by 30%.
- Took ownership of parts of multiple projects, ensuring deliverables were on schedule for over 95% of the deadlines.
- Worked on troubleshooting and resolution of issues on existing websites, consistently fixing tickets on time, resolving over 100 issues per quarter.
- Participated in code reviews and testing, developing comprehensive documentation for the internal team's code repository, enhancing onboarding efficiency by 20%.

### Software Development Intern

May 2020 - August 2020

Homepainter LLC

Ames, Iowa

- Developed and tested high-quality, accessible webpages and Angular components for Homepainter's SaaS website, enhancing user experience and increasing site accessibility compliance by 25%.
- Designed and developed a new contractor platform from scratch in Angular, including the login state functionality, resulting in a 90% increase in monthly revenue and attracting 50 new contractors within the first quarter.
- Established a new code organization standard, leading to a 20% increase in code throughput and significantly enhancing documentation quality within the repository, reducing onboarding time for new developers by 30%.

## EDUCATION

### Master of Science in Information Systems (GPA: 3.85 / 4.00)

Aug 2018 - May 2021

Iowa State University

Ames, Iowa

- **Certification:** Business Analytics, Graduate Minor in Philosophy
- **Teaching:** Graduate Research and Teaching Assistant (Network Infrastructure)

### Bachelor of Engineering in Computer Engineering (GPA: 3.75 / 4.00)

Jul 2014 - May 2018

Pune University - PCCOE&R

Pune, India
